## Bucknik Days on Friday, Saturday

Russian Sputniks will take a back seat to Bozeman's Bucknik on Friday and Saturday, Nov. 29th and 30th, according to John Thompson, chairman of the Bozeman Chamber's Retail Division. One of the biggest retail events ever staged in Bozeman, Bucknik Days are expected to bring thousands of people into Bozeman.

Wes Dunham, Manager of Gambles Store in Bozeman is the Space Commander in charge of the event. Dunham announced details of the event in a special press conference this morning. Dunham said, "Thousands of "Buckniks" will land on Bozeman's Main Street at 2:30 p.m. on both Friday and Saturday, Nov. 29 and 30, and Bozeman firms will be awarding over over $1000 in valuable merchandise and prizes." According to Dunham, each Bucknik will be numbered, and all of the prizes and awards will be on display in the windows of each store and place of business. The prizes too, will be numbered. The persons picking up the Buckniks with the corresponding numbers on the prizes will receive those prizes in exchange for the lucky Bucknik.

"We're not woofing", said Dunham, "Bozeman business firms are blasting off with out of this world Christmas stocks of merchandise and values." Dunham also said that many of the prizes have been already announced to him. They include such items as electric appliances, auto accessories, blankets, tools, paint, savings accounts in local banks, toys, items of clothing, and many more. Total cash value of all of the prizes is $1000.00.

Dunham also stated that retail stores are open to 5:30 p. m. on the 29th and 30th, but that they will be open to 9:00 p.m. on Dec. 7th, 14th, 21st and 23rd.

**AVIATION SUBJECT—**
(Continued from Page 1)
A former assistant director of air education for TWA, Geary takes considerable experience with him as director for Continental. Simultaneously he will manage the air age education program in the United States for Scandinavian airlines system.

Beginning as an adventurer in Bengal, India, around 1940, Geary has been to almost all the important nations of the world. He is thus well qualified to speak on the subject of aviation —and its possibilities as the "Bridge Between Peoples."

A graduate of Gordon college in Boston, Geary is a native Pennsylvanian, and now a resident of Lincoln, Nebraska.

**MANY ATTEND—**

which aroused a maximum of interest were the shops and the kitchens. This is understandable as these are the two departments whose pratical uses are most familiar to the men and women respectively. The kitchen ,fully equipped with electrical devices of every kind and description made quite an impression on the women visitors and presaged the desire on the part of youthful homemakers to someday own a smaller replica.

The wing devoted to history and English also aroused favorable comment, particularly the exhibit cases and bulletin boards which added an unusual note to school room atmosphere.

As the visitors came in the school doors they were handed a small mimeographed map of the building to assist them in finding the departments in which they were most interested.

The entire school board, as well as the teaching staff, assisted in entertaining the visitors.

**CONDUCTED TOUR—**
(Continued from Page 1)
"Dick" Romney, Sykline Conference commissioner, and Dr. R. R. Renne, MSC president, will deliver brief addresses. A basketball game pitting MSC's Bobcats against the University of Idaho Vandals will highlight the program.

head. Directors are to make their own collections.

The men listed above have been designated as area directors. Most have served in this capacity before.

A tentative schedule for vaccination has been made up and the suggested dates and the clinic from which the work will be done are listed opposite the area number.

McChesney and the county agent have maps showing the location of the various areas and either one will be glad to help locate the boundaries of any particular area.

Gallatin county is the only county in the state with an organized calfhood vaccination program. Since vaccination is the most feasible method of controlling Brucellosis, everything possible is being done to keep an effective program going.
